EDUCATION

NEW YORK UNIVERSITY

M.S. in Mathematics in Finance

New York, NY

Expected – Dec. 2021

- **Coursework:** OOP and data structure in Java, Database system, Data science & data-driven modeling, Machine learning & computational statistics

UNIVERSITY OF WISCONSIN – MADISON

M.A. in Mathematics

Madison, WI

Sept. 2018 – May. 2020

- **Coursework:** Multiple PhD courses in numerical methods in PDE and analysis of PDE; stochastic calculus, applied stochastic process in OR, Mathematical methods in data science
- **Award:** Exchange & Visiting International Student Academic Excellence Award

NANKAI UNIVERSITY

B.S. in Mathematics and Applied Mathematics

Tianjin, China

Sept. 2015 – Jun. 2018

- **Coursework:** Real analysis, abstract algebra, ODE, probability theory, actuarial model and life contingency

EXPERIENCE

Kaxy Tech LLC D/B/A Kaxy Network

Founder and Lead Developer

Jersey City, NJ

Jun. 2020 – Present

- Working with multiple internet service providers eg. AT&T, Cox and etc. to provide network solutions
- Working with multiple IPV4 vendors eg. Larus Limited, Access2.IT and etc. to provide ipv4 solutions
- Developed and maintained the backend of multiple websites using Golang net/http, MongoDB, Redis, OAuth2, Google Recaptcha V3 and etc.
- Integrated multiple payment gateways includes PayPal, Stripe, Wechat and Alipay within the website
- Developed and maintained the software used by more than 20 proxy companies to fully control and monitor the proxy server
- Developed and maintained http/https tunneling proxy software used to set up forward proxies and mix upstream proxies
- Managed, debugged and optimized more than 200 proxy servers

BANK OF CHINA INTERNATIONAL CO., LIMITED

Quantitative Analyst Internship, Financial Derivatives Division

Shanghai, China

Jun. 2019 – Aug. 2019

- Collected the transaction data using Python Requests and Beautiful Soup
- Formulated machine learning and statistical models based on Chinese stock market data
- Constructed a trading strategy based on the MA strategy and B&B Indicator using Python

COMPUTATIONAL SKILLS/OTHER

Programming Languages: Golang, Python, Java, HTML, CSS, JavaScript, Shell Script, MATLAB

Other Software: Visual Studio Code, Mathematica

Languages: Mandarin (native), English (fluent)
